

# Interior

We spend a lot of time in our cars commuting and travelling that it is literally our home on the road. The Suprima S is versatile and practical and adapts easily to the changing needs of an active, modern family.

### LEATHER SEATS\*

Leather seats add a touch of elegance and luxury to the Suprima's interior.

### TIMELESS DESIGN

To complement the dynamic and sporty nature of the Suprima S, PROTON Design chose dark Tempest Grey to flow consistently from the dashboard to the lower cabin.

### ISOFIX & TOP TETHER MOUNT POINT

Up to 2 child seats can be attached onto the rear seats using the ISOFIX mounts, preventing the seats from slipping or twisting during use.

### AMPLE STORAGE SPACE

Numerous storage areas including centre console box, a large glove compartment and multiple cup holders. Also equipped with a tissue box compartment at each of the 4 doors and complemented by handy hooks for hanging a variety of items.

### ENGINE PUSH-START\*

The car integrates elegant technological features such as this engine push-start button for your convenience.

# Proton SUPRIMA S

Everything you need and want, packed into a stylish and dynamic cabin that offers comfort, convenience and driving pleasure.

The Suprima S marries Handling by Lotus with specifications that is chosen to maximise the pleasure of driving and ownership.

## Exterior

When elegant form follows function, the resulting design is pleasing to look at and remains attractive over time. Confident lines, clean surfaces, neat and fresh detailing completes the dynamic visual essay that is the Suprima S.

### A SIGNATURE LOOK

PROTON Wings has become a constant feature of the PROTON design language and the Suprima S gives it pride of place, framed by glossy black honeycomb grille and a brilliant chrome finish.

### 17" ALLOY WHEELS\*

The 17-inch seven-spoke wheels\* feature titanium finish on the inside and brilliant cut on the face.

### LED LIGHTS

The Rear LED Light Guide and jewelled look of the rear lamp cluster gives the Suprima S a distinctive and memorable rear view.

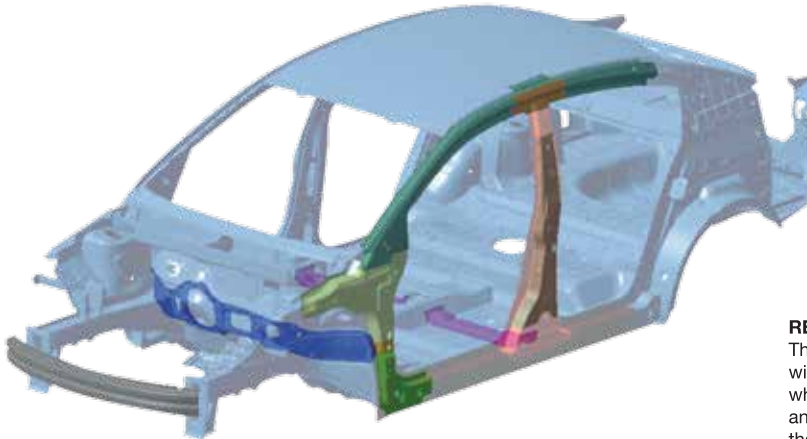

### AERODYNAMIC STYLING

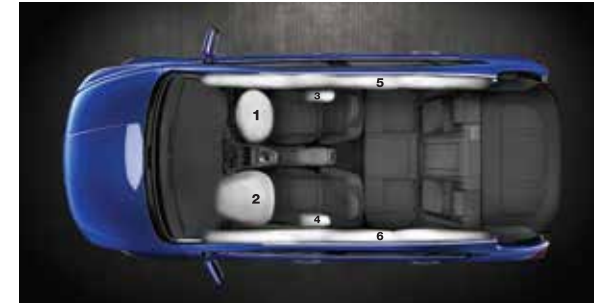

Designed to reduce drag and enhance fuel efficiency.

## Safety

A car must look after its occupants. To ensure this, the Suprima S is packed with various safety solutions to keep the occupants well protected, should luck run out.

RESS

### SIX AIRBAGS\*

There is no guarantee that accident will not happen. As such, the Suprima S is prepared for the worst with 6 airbags, reducing the risk of serious injuries to the driver and passengers.

### REINFORCED SAFETY STRUCTURE

The cabin of the Suprima S is constructed with hot-formed, ultra-high tensile steel parts which multiply the strength of critical joints and structures. This results in a passenger cell that is very rigid, strong and provides overall good vehicle handling. PROTON calls it the Reinforced Steel Structure (RESS).

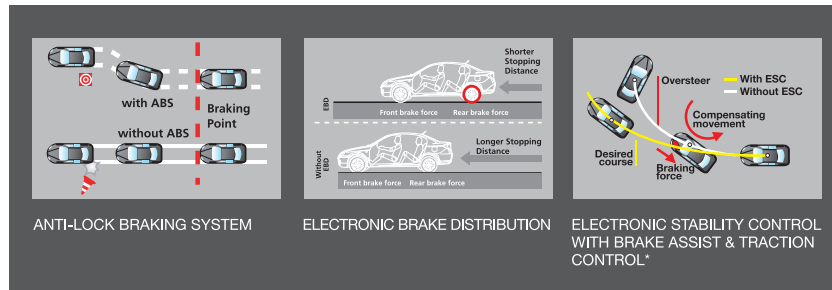

When it comes to safety, not all cars are equal.

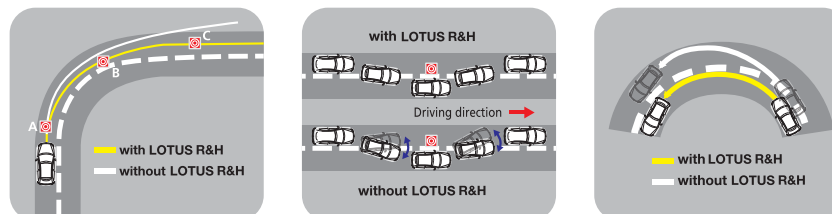

The Australasian New Car Assessment Program (ANCAP) has rated Suprima S with 5 star. It's proven! Your safety is our priority.

### HIGH PERFORMANCE BRAKING

While the car boasts impressive acceleration, it is equally critical for it to stop quickly. It excels in this respect with its **Electronic Brake Distribution** and **Brake Assist** system. The **Traction Control** ensures better tyre grip on slippery road and maximises vehicle acceleration.

Tuned by PROTON engineers to Lotus specifications, the Suprima's handling boasts unsurpassed control during emergency situations.

## Performance

PROTON created the Suprima S to have power, while an agile chassis promises driving pleasure and satisfaction.

### 1.6L TURBO ENGINE

The 1.6L Turbo engine with light pressure turbocharger offers the best of both worlds - **138hp** of sheer adrenaline rush and **205Nm** of torque balanced with an impressive fuel economy.

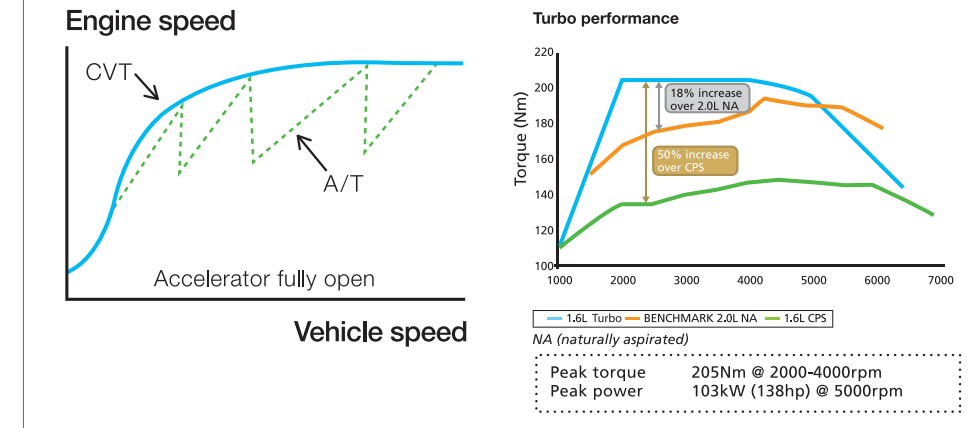

### 7-SPEED PROTRONIC TRANSMISSION WITH PADDLE SHIFTERS

Race car-inspired technology that lets you drive the way you want - with easy comfort or exhilarating control.

### CONTINUOUS VARIABLE TRANSMISSION (CVT)

The CVT uses a belt rather than fixed gears to turn engine torque into power, which means better fuel economy, less gear wear and tear, and more eco-friendly emissions.

## Smart Technologies

Technology has made this car more than just a mode of transportation. The Suprima S is designed with systems that reduce driver workload and increase driving pleasure.

### SMART INFO DISPLAY

Displays information and status updates on the car's various functions - such as average fuel consumption, KM to empty tank, battery health and faulty bulb indicators.

### AUTO WIPERS\*

Automatically switched on when your windscreen is obscured with water.

### PROTON INFOTAINMENT SYSTEM\*

Android-powered touch screen infotainment system with built-in GPS and Bluetooth connectivity for media devices to keep you in the groove.

### HILL-HOLD ASSIST\*

A great driving aid to new drivers and is also a wonderful stress reducer for experienced drivers.

### AUTO HEADLAMP\*

Set this to auto and never worry about forgetting to switch on your headlights again.

### PARK ASSIST\*

Front parking\* sensor and rear reverse camera for ease of parking, especially for ladies and petite drivers.
